CB Supplies Provides Additional Support for Local Initiatives by Donating \$15,000 to regional charities

Today on GivingTuesday, the world's largest generosity movement, CB Supplies is proud to announce that we've recently made local charitable donations totaling \$15,000 to the Surrey, BC and Calgary, Alberta Food Banks along with the Quebec Cancer Foundation.

We believe in supporting charities that are doing incredible work to help the people who rely on them. CB Supplies donated \$5,000 each to the Surrey (BC) Food Bank and the Calgary (AB) Food Bank in honor of our 60th anniversary regional events, as well as another \$5,000 to the Quebec Cancer Foundation.

Our local employees also initiated a food drive to support the Surrey Food Bank, feeling a sense of directly getting involved.

The Surrey Food Bank currently distributes food to approximately 1,200 families each week and has expanded its reach by providing food and household items to the schools, shelters, missions and transition houses serving vulnerable populations in the local community.

The demand at the Calgary Food Bank has increased substantially since the onset of the COVID pandemic and the number of people in need has gone up 73% since 2019. They are feeling extra pressure as the rising cost of living, an increasing inflation rate and supply chain issues push food prices ever higher. In 2022 a total of 141,206 hampers were distributed affecting 296,965 lives.

The Quebec Cancer Foundation supports over 20,000 people with cancer and their loved ones locally in Quebec, providing services suited to their needs and daily concerns.

In 2022, we are proud to have made a total of \$35,000 in donations to various worthy causes.

About CB Supplies Ltd

CB Supplies Ltd was founded in 1962 and is a Canadian owned manufacturer and distributor of a wide selection of quality products used in residential and commercial plumbing, radiant heating, and HVACR systems. Celebrating 60 years, we are committed to manufacturing the highest quality, most dependable products for the plumbing and heating industry. As a Master Distributor, we offer a vast array of products to complement our manufactured items, spanning across the plumbing and heating, HVACR, pump and water well, pool and spa, and filtration and irrigation markets.
