## The **Diamondback** Advantage

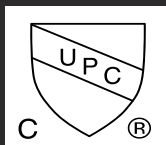

Diamondback® CSST flexible gas piping system offers industry-leading performance with **superior flow rates** for both natural and propane gas (LPG\*), allowing you to use smaller diameter pipes and fittings on your next project, saving you time and money!

Diamondback flexible gas piping is a corrugated, semi-rigid stainless steel tubing (CSST) offering you:

- ✓ **Superior Flow Rates:** saves money on labour and materials.
- ✓ **Easy-to-Install Fittings:** convenient 3-piece fitting system is quick and reliable to install.
- ✓ **Variety of Reel & Coil Sizes:** 3/8" to 1 1/4" diameter and 50-250 FT coil lengths.

CB Supplies offers customer-driven solutions from our online certification, comprehensive design guide and installation manuals, along with certified trainers to ensure your installations go smoothly. Wholesalers can bundle purchases of Diamondback with other CB Supplies products for quick and easy access to inventory from our 4 branches across Canada.
