IVAR Manifold Cabinets

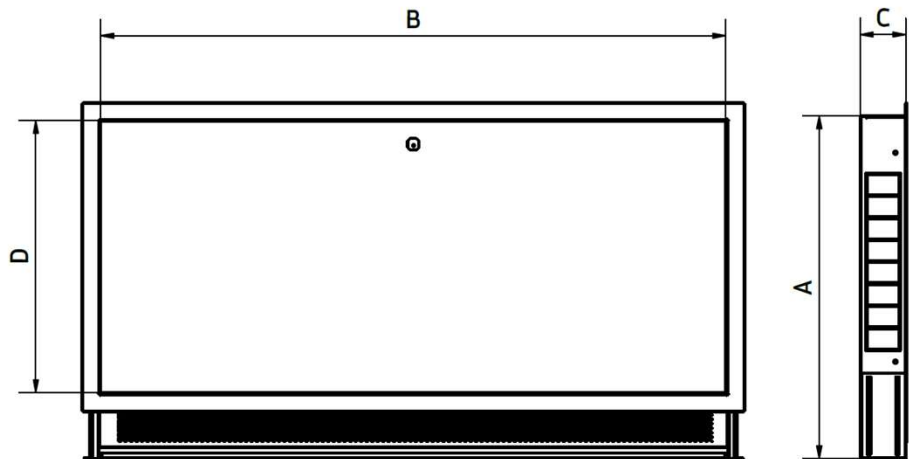

RECESSED-STYLE MANIFOLD WALL CABINETS FOR CONTAINMENT AND INSPECTION (SERIES AC 840)

Features & Benefits

The IVAR manifold cabinets offer a practical, economical, and efficient solution for installations. They protect fluid distribution systems in modern radiant heating and cooling, water supply networks, and heat metering systems. The recessed-style manifold cabinets feature a removable cover and adjustable design to accommodate various manifolds.

- Safeguard the system against exposure and potential damage
- Manufactured from Zinc Coated/Galvanized Steel
- Adjustable height and depth
- Inside of the case is equipped with adjustable manifold guides
- General Installation: Make the necessary measurements, and carefully insert the IVAR manifold cabinet into the opening, ensuring it is level

Part Number	A	B	C	D
763599008	24" – 28" (600 - 700mm)	20" (500mm)	3"-5"D (80-130mm)	19" (480mm)
763599001	24" – 28" (600 - 700mm)	24" (600mm)	3"-5"D (80-130mm)	19" (480mm)
763599009	24" – 28" (600 - 700mm)	28" (700mm)	3"-5"D (80-130mm)	19" (480mm)
763599010	24" – 28" (600 - 700mm)	32" (800mm)	3"-5"D (80-130mm)	19" (480mm)
763599007	24" – 28" (600 - 700mm)	36" (900mm)	3"-5"D (80-130mm)	19" (480mm)
763599011	24" – 28" (600 - 700mm)	40" (1,000mm)	3"-5"D (80-130mm)	19" (480mm)
763599002	24" – 28" (600 - 700mm)	43" (1,100mm)	3"-5"D (80-130mm)	19" (480mm)
